

Where do I go?

1. Just show me how and where to get online resources.
2. How can I shorten my preparation time?
3. I have so many classes, what do I do?
4. What are these new NAD Standards supposed to do for me?
5. How can I be more confident in my math teaching?
6. What should I do first?

1. Spend some time with the Teachers Edition
<http://nadeducation.org/math/11/34>
2. Check out the ePlanner on Think Central
<http://nadeducation.org/math/11/37>
3. Ask questions
<http://nadeducation.org/math/15/62>
4. Check out the NAD Math App
<http://myapp.is/NADMath>

If you have questions...! Check out this website to connect with other teachers, find new math apps, and enter to win great prizes: <https://www.facebook.com/NADMath>
