Think Central!

I always know what I  
need to do next! I am  
not bored.

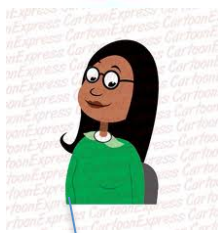

I am able to go at my  
own pace.

My Teacher is so much  
fun when she tells me  
about math!

When I have trouble in  
math, I know where to  
get help.

I get to be the math  
helper!

I am very confident  
teaching math  
concepts!
